# Q1: Why are these discharges difficult to control?

If your municipality has an Industrial Pretreatment Program, which of the following types of discharges have been the most difficult to control? (check all that apply)

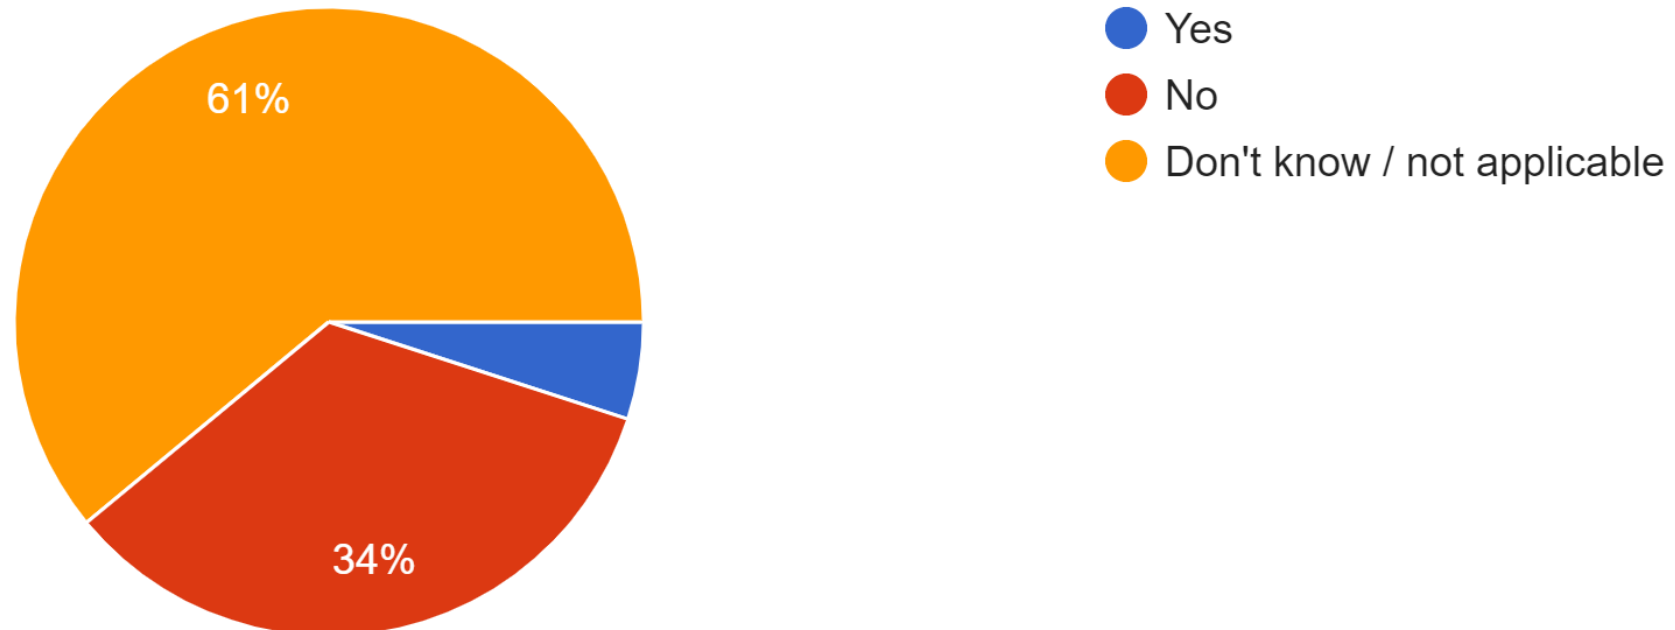

100 responses

## Q2: Why do only a third of programs track costs for FOG?

Has your municipality conducted a study to determine the costs to manage or treat the excess FOG discharges?

100 responses

# Q3: Which of these data indicate **PERFORMANCE** of an effective FOG program?

If you have a FOG Abatement program in place, what data do you collect to assure its effectiveness?

(check all that apply)

100 responses
